Our keynote speaker: Dr Steyn Heckroodt

Senior Lecturer – University Stellenbosch Business School (USB)

Dean of Academic Affairs at Westford School of Management

Business School Senior Lecturer, author of multiple books and articles, practitioner and international strategy specialist – Dr Heckroodt brings a wealth of experience in both practice and research to his seminars and workshops.

He holds a dual directorship at two consulting firms on the continent, currently lectures on a senior and executive level at five international Business Schools and has consulting experience in no less than 17 countries. He has assisted in the founding of a number of international concerns and has, in his

Following the successful publication of “Strategic Thinking – GAME OVER”, his latest published work through Oxford University Press in South Africa deals with supply chain dynamism, focusing on the need to be flexible in order to remain sustainable and competitive.

He regularly speaks at conferences and his specialist areas are Strategy, Systems Thinking and Business Model Flexibility. His interest in managing complexity in modern times has led to the completion of his PHD in business environmental scanning and complexity. His work has resulted in ground breaking thought processes directly impacting on strategic thinking in the twenty-first century and is proving to be pivotal in providing businesses with a means to retain their sustainable competitiveness.
